

Subscribers' Terms of Association

1. About The Green Broom

The Green Broom is a UK eco-friendly cleaner platform that connects homeowners and other members seeking cleaning services with a database of verified and vetted, self-employed cleaners.

2. Membership

Access to The Green Broom database and its member services is available to subscribers who pay the applicable quarterly or annual membership fee. Membership provides exceptional value and remains active for the period for which the subscription has been paid.

3. Member Benefits

While subscribed, members may benefit from:

- Access to the database of verified and vetted self-employed cleaners.
- The ability to make bookings through the platform.
- Cashless payment facilities.
- The ability to leave reviews of cleaners.
- Insurance cover provided by The Green Broom, subject to the applicable terms, conditions and exclusions.

4. Self-Employed Cleaners

Members acknowledge and agree that all cleaners listed on The Green Broom are **self-employed and independent contractors**. Cleaners are not employees, agents or representatives of The Green Broom and are not supplied or employed by The Green Broom.

5. Private Arrangement Between Member and Cleaner

The Green Broom's role is to provide a platform that enables members and cleaners to find and connect with one another. Once a member chooses a cleaner, the cleaning arrangement is a private agreement between the member and the self-employed cleaner.

Members are free to contact cleaners directly and, where appropriate, arrange future cleaning services directly with them. The Green Broom does not become a party to such arrangements and **does not charge an ongoing commission or fee for cleaning services arranged between members and cleaners.**

6. Responsibility for Cleaning Services

The member and cleaner are responsible for agreeing the scope, timing, price and other terms of any cleaning service. The Green Broom does not direct or control how a self-employed cleaner carries out their work.

7. Platform Role

The Green Broom provides the platform, database and associated member services but does not itself provide cleaning services. Its role is principally to facilitate connection between members and independent, self-employed cleaners.

8. Membership Continuation

The benefits of membership, including access to the database and platform services, continue only while a member's subscription remains active. The cleaner's subscription must also be active. The

Green Broom reserves the right to amend or update these terms from time to time, with reasonable notice where appropriate.

9. Acceptance of These Terms

By subscribing to The Green Broom, the member confirms that they have read, understood and accepted these Terms of Association, **including the fact that cleaners are self-employed and that any cleaning arrangement is a private arrangement between the member and the cleaner.**
